# Streamline Your Processes with WES' Slate Integration

Our Slate integration uploads completed WES credential evaluations directly into your Slate account.

Automate processes

Save time and resources

Simplify electronic file delivery

How it works

1. Request a new AccessWES account if you don't already have one.
2. Sign up for the Slate integration at wes.org.
3. Prepare your institution's Slate system for integration.
4. WES sends a test file to ensure the integration is working properly.
5. Completed WES credential evaluations are automatically uploaded into your Slate system daily.
